##### FUNJET TRAVEL TIPS

Ensure that your clients have the time of their lives in Mazatlán with these tips from Funjet:

- For beginner surfers, suggest Playas Sabalo and Cerritos, which are more serene beachfronts where the waves are tame and picturesque.
- Suggest that your clients try different flavors of *horchata*, a traditional beverage. The sweetest *horchatas* contain more cinnamon and coconut, while milder *horchatas* have more ground seeds and nuts.
- Erosion has weathered many of the carved stones at the archeological zone Las Labradas, but clients can still see evidence of communications from ancient peoples.
- Travelers don't have to leave their resort to take part in Mazatlán's nightlife, but if they're doing some exploring via Pulmonia Taxis, recommend El Toro Bravo for food and music. For a wilder side, suggest Valentino's or Bora Bora.

Mazatlán is the only Mexican Colonial City on the beach, making it a fabulous destination for your clients to experience the real Mexico. Its premier location on the Mexican Gold Coast boasts long stretches of palm-lined beaches, ideal for your clients to witness spectacular sunsets.

Mazatlán is one of Mexico's best-kept secrets. The destination is more than just a getaway spot, offering music, culture and gourmet cuisine for an authentic taste of Mexico.

Your clients will have an array of fascinating options to choose from when traveling to Mazatlán, whether it's being pampered in luxury hotels and resorts, visiting the active seaport or sightseeing in the Historic District.

Mazatlán also offers a wide variety of outdoor activities, like hiking, bird watching, aquatic sports, golf and deep-sea fishing. Travelers can even take tours to different picturesque villages located nearby.

Mazatlán's gorgeous Pacific beachfront is made up of 12 miles of golden beaches perfect for sun tanning, bay cruises, whale-watching or practicing a favorite watersport. For clients interested in surfing—whether they are experienced or beginners—Playa Olas Altas (High Wave Beach), Playa Los Pinos (Pine Beach) and Playa Bruja (Witch Beach) are perfect for all skill levels.

And what would a Mexico vacation be for your clients without authentic

seaside food? Mazatlán makes its mark with a variety of fresh seafood, and it's no wonder. When a town has 12 miles of beaches, it's bound to have the most delicious treats from the sea, such as *zarandeado* (spicy grilled seafood) and bearded shrimp tamales, while delicacies of the land include *chilorio* (chili-simmered pork).

Mazatlán offers the perfect vacation for your clients. Send your clients to Mazatlán to discover their passion!
